AP Psychology

| Unit title | *Unit 8: Clinical Psychology* | Unit duration (hours) | *16 Hours* |

Mastering Content and Skills through INQUIRY (Establishing the purpose of the Unit): *What will students learn?*

GSE Standards

SSPFR2 Explain the research methods and the types of statistics used in the field of psychology.
a. Explain how psychologists conduct research to describe, explain, predict, and control behavior.
b. Describe the types of research methods used by psychologists, include: experiment, survey, case study, and observation.
c. Identify the basic elements of an experiment, include: independent and dependent variables, types of experimental control (blind/double-blind procedures, placebo controls).
d. Explain the differences between a correlation and an experiment.
e. Classify the types and uses of statistics in psychological research, include: descriptive statistics.
f. Interpret graphic data representations.
g. Explain ethical issues in psychological research.

SSPSP1 Analyze the impact of the social environment on behaviors, and attitudes.
D. Analyze and evaluate the ethics of experimentation in social psychology, include: Milgram's experiment of obedience and Zimbardo's Stanford Prison Experiment.

College Board Content:
8.1 Psychological Disorders

8.2 Perspective Approaches to understand Psych Disorders

8.3 DSM's role in the field

8.4 Anxiety Disorders

8.5 Obsessive-Compulsive Disorder

8.6 Posttraumatic Stress Disorder

8.7 Phobias

8.8 Mood Disorders

8.9 Somatoform and DIssociative Disorders

9.0 Personality Disorders

9.1 Types of Therapies

Essential Questions

How should we draw the line between normality and disorder?

How do the medical model and the biopsychosocial approach influence our understanding of psychological disorders?

How and why do clinicians classify psychological disorders

Why do some psychologists criticize the use of diagnostic labels?

Do psychological disorders predict violent behavior?

How do major depressive disorder, persistent depressive disorder, and bipolar disorder differ?

How can the biological and social-cognitive perspectives help us understand depressive disorders and bipolar disorder?

What factors increase the risk of suicide, and what do we know about nonsuicidal self-injury?

What perspectives can help us understand psychological disorders?

How do conditioning, cognition, and biology contribute to the feelings and thoughts that mark anxiety disorders, OCD, and PTSD?

How do genes influence schizophrenia?

What are the three main eating disorders, and how do biological, psychological, and social-cultural influences make people more vulnerable to them?

How do psychotherapy and biomedical therapies differ?

What are the goals and techniques of psychoanalysis, and how have they been adapted in psychodynamic therapy?

What are the basic themes of humanistic therapy, such as Rogers' client-centered approach?

How are brain stimulation and psychosurgery used in treating specific disorders?

What is the rationale for preventive mental health programs, and why is it important to develop resilience?

Assessment Tasks
List of common formative and summative assessments.

Formative Assessment(s):

-Disorder Quiz
-Character Case Study Diagnosis Project
-Unit 8 Free Response Question
-Unit 8 Summative
-Therapies Quiz
-Case Study Analysis
-Skits/Tableaus on Anxiety Disorders
-Role Play Formative
-Therapy Project- The Doctor is in

Summative Assessment(s):

Learning Experiences
Add additional rows below as needed.

Objective or Content	**Learning Experiences**	**Personalized Learning and Differentiation**

		All information included by PLC in the differentiation box is the responsibility and ownership of the local school to review and approve per Board Policy IKB.
8.1 Psychological Disorders 8.2 Perspective Approaches to understand Psych Disorders 8.3 DSM's role in the field	A walk around the block simulation. Notes for All Unit 8. Class discussion On deviant vs. distressful vs dysfunctional vs insanity to introduce DSM. Being Sane in Insane Discuss the Rosenhan Study- https://www.youtube.com/watch?v=D8OxdGV_7lo	Reading in partners and pairs, table sets and individually. Extended learning via Crash course and Edpuzzle videos

8.4 Anxiety Disorders
 	
8.5 Obsessive-Compulsive Disorder
 	
8.6 Posttraumatic Stress Disorder
 	
8.7 Phobias
	PPT - Anxiety Disorders
	Walk in our Shows- Show website and listen to one story of each:
	    a. Phobias- Jesse and Emma
