

# **Marietta 6th Grade Academy**

## **2023-2024 Partners-In-Education Form**

Marietta City School's Department of External Affairs creates district and community impact through partnerships, programs, and philanthropy. Our goal is to enrich the learning experiences of our students and support our staff in their work. Sponsors and Partners provide Marietta City Schools with volunteers, equipment, supplies, in-kind services, and cash donations. By augmenting public dollars, we can enhance resources and programs, better allowing our principals to meet unexpected needs and support initiatives as they arise.

Partners in Education (PIE) is sponsored by the Cobb Chamber of Commerce, Marietta City Schools, and the Cobb County School District. The PIE Program is designed to establish a voluntary relationship between a business/organization and a school in order to:

- Support and enrich the education of students;
- Encourage and support school faculty and staff;
- Promote community strength and identify needs; and
- Provide business employees and organization members the opportunity to identify the successes and needs of the public school system.

Once this P.I.E. Form is completed between the partner and school, the school will contact the Cobb Chamber of Commerce to apply for the partner to become an official Marietta City Schools Partner in Education. Partners are asked to make a one-year commitment to engage in quarterly activities with their partner school.

### **Part I. Please select the level of partnership from the following. (You may skip to Part II)**

**Platinum-** \$2,000 or more general donation

Business name on website, recognition by P.T.O., booth or visual opportunities at school events, Thank You Notes from students.

**Gold-** \$1,000 or more general donation

Business name on website, recognition by P.T.O., booth or visual opportunities at school events.

**Silver-** \$500 or more general donation

Business name on website, recognition by P.T.O.

**Bronze-** \$100 or more general donation

Business name on website.

**Part II. Other Opportunities to Help in addition to/or instead of the above partnership levels.**

**▣PBIS Team Sponsor:** The PBIS Team promotes positive behaviors in the school with rewards and recognition. School funds typically don't cover things such as snacks, gift cards, or shirts. Funding in this area helps recognize the students that do the right thing at school.

**▣Teacher Mini Grant Sponsors:** Teachers may have lessons that require extra supplies that require additional funding through grants. The partner can have teachers fill out applications for grants between \$100 and \$250. Grants can be assigned based off the applications with appropriate judging by a group (board) selected by the partner.

**▣Teacher/Staff Luncheons:** Partners may select a staff meeting or event to sponsor breakfast, lunch, or dinner. Prior to eating, the partner may talk to the staff (if desired) promoting their industry/product for a maximum of ten minutes.

**▣Other:** Please describe your idea for a contribution to the school.
